THIRTY-FIVE MORE VOLUNTEERS WANTED

The New Mexico Squadron of the First U. S. Volunteer Cavalry to be Filled to its Maximum Strength—Picked and Only First Class Men Are Wanted and Will Be Enlisted.

Governor Otero last evening received a dispatch from Major Hersey at Tampa, Fla., stating that Colonel Lorenzo Wood desired about 35 more enlisted men to fill the New Mexico squadron to the maximum allowed by law. The men desired are to be good horsemen, good shots and first class, picked men in every respect. The governor has wired back to know by what time these men would have to be in Tampa before the regiment left Florida, and as soon as an answer is received the recruiting of this number will commence. The men will be enlisted in this city and sent on to Tampa.

The 35 men to be furnished for the New Mexico squadron of the 1st U. S. volunteer cavalry, it is expected, will be enlisted in a very few days, as this is a chance for the right kind of men to see service with a regiment, that is today one of the best known in the United States and that is composed of exceptionally good material, both among the officers and enlisted men. Indeed any man, who can now join this regiment, should be very proud of the privilege. As said above only first-class men are wanted or desired or will be taken.

The publishers of the American Navy, Hawaii and Cuban portfolios have decided to issue five more parts, containing a map of the world, Cuba, Haiti, Puerto Rico, the Philippines, and Spain as far south as the Canary Islands, the new series will also contain views of boats engaged at Manila, a number of the new ships secured by the government and an excellent portrait of Admiral Dewey, as well as new views of Cuba, Spain and Spanish war vessels. A supply of these portfolios will be on sale at the Santa Fe ticket offices in a very short time.

The American Friend, a Quaker newspaper of Philadelphia, is preparing an extensive, illustrated write up of the sights and characteristics of localities through which the Santa Fe road passes. The representative of the paper, M. Z. Kirk, spent the day in Santa Fe gathering data and states that he considers Santa Fe the most interesting city along the line.

The city council met Monday evening, but on account of the absence of Clerk Ortiz, were in session but a few minutes and transacted no business of importance. A meeting will be held on Monday, June 20, for the purpose of attending to important business matters.

NEW MEXICO LEFT.

Having Furnished More Than Enough No Volunteers Are Wanted Under Second Call.

The official order from the War department containing instructions as to the furnishing of volunteers under the president's second call for 75,000 men has been received by Governor Otero and in the second paragraph says:

"The following states and territories having received under the president's first call an apportionment in excess of their combined quotas under the first and second calls, will not be included in this order: Delaware, Idaho, Montana, Nevada, North Dakota, South Dakota, Vermont, Wyoming, District of Columbia, Arizona, New Mexico, Oklahoma and Indian Territories."

This means that no volunteers under the second call will be furnished from this territory, at any rate for the present. This is very disappointing to many New Mexican citizens, who have already applied for service under the second call. A battalion of infantry of four companies, 400 men strong, could be easily recruited and mustered in within ten days.

The handsome bride is the daughter of Mr. and Mrs. Albino Arias, and is 17 years of age. The groom is the son of Mr. and Mrs. Felix Tenorio. Both bride and groom have a host of friends in the city who join the New Mexicans in wishing them a long life of conjugal bliss. The newly married couple will reside on Manhattan avenue.

Court of Private Land Claims.
Yesterday afternoon arguments were heard on the motion for a rehearing of case No. 254, filed by Catron & Gortner, attorneys for the claimants. This case involved the Juan Estevan Garcia de Noriega grant, claimed by Andros Garcia et al., in Santa Fe county, which was rejected at the January, 1898, term of court. After hearing the counsel for both sides the court took the matter under advisement.

This morning the trial of case No. 179 was begun. In this case the validity of the Juan Bautista Valdez grant of 60,000 acres in Rio Arriba county, made in 1807 and claimed by Jose Luis Valdez et al., is to be settled. Judge N. B. Laughlin appears for the claimants. It is thought two or three days' time will be required to hear the evidence.

Working on Assessments.
The County Board makes a few increases—Tax Collection Matters.

The board of county commissioners, at its session that closed yesterday, addressed a letter to Captain Frederick Muller, troop E, 1st U. S. volunteer cavalry, who is the present tax collector for this county, stating that the collection of taxes was very slow and needed the personal attention of the collector and asked that official to take some steps to bring about a better condition of affairs in the collection of taxes and further that if he is to stay away any length of time in the volunteer service, that it would be considered proper were he to tender his resignation to the board.

As a board of equalization, during the past two days, the following changes in the assessments for the present year were made:

Doctors now agree that consumption is curable.

Three things, if taken together, will cure nearly every case in the first stages; the majority of cases more advanced; and a few of those far advanced.

The first is, fresh air; the second, proper food; the third, Scott's Emulsion of cod-liver oil with hypophosphites.

To be cured, you must not lose in weight, and, if thin, you must gain. Nothing equals Scott's Emulsion to keep you in good flesh.

Go, and get on, all druggists.
